Jaume I university, Castellon, Spain

## WEB PAGE

jonathanruiz.co.uk

I am a software engineer with over 20 years experience designing and developing applications, the infrastructure to support them, automating system administration tasks and migrating infrastructure and workflows to new paradigms and platforms. In my career, I've played different roles, the most relevant being software developer and system administrator, which includes devops. I've also lead teams up to 9 people and worked with different technologies.
